

Global Edge® 2017 – Automated Quoting is the premier quoting system for the sheet metal fabrication industry, including custom products that delivers unmatched capabilities. **Global Edge** helps your company increase quoting capacity, expand sales opportunities and increase profitability by delivering fast, accurate sales quotes. **Global Edge** provides innovative software technology that helps reduce the cost of short-run products to that of massed produced products by reducing labor intensive design and engineering tasks associated with quoting and reduces the quoting process from hours to minutes.

Key Features

- Automated configuration of simple-to-complex products
- Automated sheet metal part analysis
- Automated routing generation based on CAD part parameters, cost and/or delivery time
- Cost rollups based on accurate material and process costs
- Automated delivery time estimation / quantity pricing
- Provides profitability versus delivery time quote options

Key Benefits

- ✓ Reduces quoting time from hours to minutes
- ✓ Increases quoting capacity
- ✓ Eliminates manual analysis of parts for quoting
- ✓ Produces accurate and timely sales quotes
- ✓ Provides accurate quoting costs and delivery times based on machine tool capabilities
- ✓ Helps turn more sales quotes into sales orders
- ✓ Offer more product options to your customers at lower cost

Effectively Manage Your Enterprise!

"Global Edge has effectively introduced and updated a total program for Carron Net Company. Starting with the custom product configurator and working through inventory, the general ledger and accounting, Global Edge has integrated a complete system. We have found the system easy to use and navigate, yet complex enough to handle our needs."

Troy Christiansen, Vice President
Carron Net Company – Two Rivers, Wisconsin
